### Martinique & Guadeloupe

Rhum Agricole is distilled directly from pressed cane sugar, grown expressly for this purpose, instead of a sugar by product like Molasses. Up until the 1800's the French Caribbean supplied cane to France for sugar, making local plantation owners very wealthy ..then France found a cheaper source in Sugar beets . With the fall in demand the Plantation owners began fermenting their cane for RHUM production resulting in Rhum Agricole.

Clement V.S.O.P 15

aged a minimum of 4 years in oak casks and Bourbon Barrels

Clement 10 year old 20
